

**40th Annual
Tennessee Safety and Health
Congress & Exposition**

July 30 – Aug 2, 2017

**Co-sponsored by the TOSHA Division of the
Tennessee Department of Labor & Workforce
Development**

**And the
Tennessee Chapters of the
American Society of Safety Engineers**

Tennessee Safety & Health Congress Background

The Tennessee Safety and Health Congress (TSHC) is a joint venture between the Tennessee Occupational Safety and Health Administration (TOSHA) and the Tennessee Chapters of the American Society of Safety Engineers (ASSE). The TSHC is designed to offer information and ideas for the promotion, increased awareness, and fulfillment of safety and health practices in the workplace. It is hoped that your involvement and participation will assist you in discovering the key elements to add value to your safety, health, and environmental programs. As we continue to focus on the importance of safety and health practices in the workplace, the TSHC continues to design a program that promises to be beneficial to everyone involved in the safety and health field. More than 60 workshops covering a wide range of topics will be conducted by skilled and knowledgeable speakers using state of the art training techniques.

Congress and Exposition Statistics

- 39 year history of successful conference and exhibitor programs
